

TIPS Launches eTIPS On Premise -- Espanol Health Communications, Inc. Introduces Spanish-Language Version of Online Alcohol Server Training Certification Course

ARLINGTON, Va., Oct. 9, 2014 /PRNewswire/ -- Health Communications, Inc. (HCI) recently launched eTIPS On Premise – Espanol, an [online](#) alcohol server training program for Spanish-speaking hospitality personnel. TIPS (Training for Intervention ProcedureS) is the premier responsible alcohol training program designed to prevent underage drinking, intoxication, and drunk driving. While HCI already offers a TIPS Latino program for classroom training, eTIPS – Espanol is the first Spanish-language version of its online responsible alcohol [training course](#).

"Everything in our standard eTIPS On Premise course was translated into Spanish," said Trevor Estelle, HCI's Vice President of Sales & Marketing. "We have been working with our partners to remove barriers and provide the same effective alcohol server training program for non-English speakers. Offering a Spanish-language version of our [online course](#) is a critical step toward addressing the diversity in today's hospitality workforce." Through interactive lessons, scenarios and quizzes, eTIPS On Premise – Espanol equips and empowers employees with the skills to effectively intervene to prevent alcohol-related problems and to handle refusal situations with greater confidence. eTIPS On Premise – Espanol is also tailored to cover laws and regulations for specific jurisdictions.

In addition to offering eTIPS On Premise – Espanol, HCI has updated its [website](#) with many of the pages translated into Spanish. In turn, HCI's Spanish-speaking customers can easily navigate through the certification course and access various support features available through the website. HCI also offers customer

support in Spanish to assist customers with questions, purchases, and technical issues.
